# VIGIL WHEELED FIRE EXTINGUISHER COVER

Having a Vigil wheeled fire extinguisher cover is the best way to protect your firefighting investment from the elements, deter misuse, and help to keep it clean from dirt and dust. Available in three sizes for 50kg/50 litre and 100kg/100 litre foam and powder extinguishers, or 10kg and 20kg CO2 units, the mobile extinguisher covers are bright red and clearly labelled for easy identification in an emergency.

Manufactured for Vigil Products of a heavy-duty PVC textile, the wheeled extinguisher cover protects the full length of the unit. Simply sitting over the wheeled fire extinguisher, these include a drawstring around the bottom to ensure it stays in position but is simple to remove when the extinguisher is needed in an emergency using the hi-vis handle on top.
